USAGE RULES

- Keep clear space around the logo equal to the height of the letter "H" in HOP.
- Minimum size: 1 inch wide in print, 120 px wide on screen for the horizontal lockup. Below that, use the icon only.
- Do not stretch, rotate, recolor, add shadows or outlines, or place the full-color logo on busy photos — use the reverse white version instead.
- On dark backgrounds always use the reverse white files, never the navy ones.
- PNG files have transparent backgrounds. JPG files have a fixed background and are for uploads that reject transparency.

NOTES

- These files are high-resolution raster (PNG/JPG), suitable for web, documents, and most print. For large-format signage, vehicle wraps, or embroidery, a vector (SVG/EPS/AI) redraw is recommended.
- Legal name for all documents: HOP Services LLC. Tagline: Hospitality On-Site Professionals.
